Erasmus+

PSI WELL Targets

The target group of our project means 360 parents of children with special needs (60 parents from each country, grouped in 3 groups).

Persons who will benefit indirectly: 360 families (spouses and children with special needs); 200 participants at the multiplier events (teachers, parents, social workers, educators for special education, educational representatives) from Romania and abroad (Moldavia, Ukraine); 300 teachers (50 from each country), participants at presentation workshops; 60 volunteers (10 volunteers from each country) involved in information campaign for the project; 3000 persons (500 from each participant country) will be informed about the specificity of parenting a child with special needs and the associated risks, and the families need to be socially included; 75 participants at workshops included in ICSED conference program; 24 trainers (4 from each country); 33 members of the project team (researchers, responsible for communication within the project, evaluator, IT specialist).

The children will benefit from their interaction with parents; The participants at the multiplier events will be informed, and they will raise their awareness and sensitivity related to the issue of parenting a child with special needs; they will get know the intervention program for parents, tested and validated by the project; they will be asked to reflect upon some issues related to the topics of the project and to express their opinions, conceptions and understandings about the risks of families with children with special needs.
